HOUSEKEEPING MONEY.

From the Country Gentleman.

If every man would pay his wife a weekly sum for housekeeping, clothing, etc., he would find that in nine cases out of ten her management of the fund would increase not only his comfort, but that of the whole house. If she is equal to the task of being a wife and a mother, she is also equal to the task of supplying and paying for the daily necessities of the home. If she is head manager she will take pride and pleasure in making 100 cents go a great way—much farther than a man could make 150 go. She will also make calculations about the expenditure of the weekly sum, will lay by a certain amount toward buying such and such supplies in quantities; will learn that there is no economy in buying soap by the bar, starch or sugar by the pound. She will systematize her affairs, keep books—a day book and a ledger—and exhibit her well-kept accounts with pride and delight. The very fact that the expenditure of the money belongs to her will sweeten her life, give new zest to her occupations, and make her a happier and more contented wife. To most women, the idea of asking for money is abhorrent. They put it off from day to day, the dread of it is so great. They will wear expensive clothes in the kitchen rather than ask for the money needful for the purchase of a plain calico dress.

Shrug your shoulders if you choose, you unobeying husband, and say, "I never knew such a woman." I beg your pardon, but I must contradict you. The woman you call wife, I do believe, would rather suffer with the toothache than ask you for money. This is no false statement; most women do shrink from asking the head of the family for money needed for boots, clothing, and the common necessities of life; it is neither agreeable nor pleasant to them, and they should not be forced to do it, if they do their appointed work, the money to carry it on should be freely offered, monthly or weekly, as may be desired. Some husbands have seen how much their mothers suffered for the want of money, even when their fathers were rich, and they profit by the fact, and give to their wives a generous supply, never forcing them to become applicants for it, and by so doing they greatly increase their domestic happiness. Place confidence in a woman's ability to act, and she will fully repay it, doubt her executive powers—refuse her responsibility—and you may rue it.

The subject of money supplies in the home, opens a wide field of thought to the husband. Will he cultivate it? Many wives of the middle class have been accustomed to care their own purse, to purchase their own wardrobe before they were married. But after marriage all is changed; they must ask for what they require rather than have it paid to them quarterly. At first their wants are few, or all supplied, but one or two years alters their outlook, and it becomes very dreary. Can the husband understand this? I know not. "My wife has all she asks for," never dreaming how many days it requires to summon her courage to ask for necessities. "An utterly false statement," exclaims some one; "there's no woman afraid to ask for what she needs!" May I ask you to inquire of your own wife how she feels on such occasions? Unless she is afraid to speak the truth, your eyes may be opened somewhat.

No Failure Known.

There is no case on record where Dr. Morris' Syrup of Tar, Wild Cherry and Horseradish has failed to give satisfaction. On the other hand, wherever it has been used by our people, in severe colds, coughs, asthma, bronchitis, croup, whooping cough and consumption, are enthusiastic in its praise. Containing no opium or other dangerous drug, it does not constipate, and is safe to administer in all conditions of health. This is an important announcement, and the suffering are advised to heed it. Trial size, 10 cents; large sizes, 50 cents, and One Dollar. Sold by Dr. A. J. Stoner, druggist, Decatur, Ill.

Also agents for Prof. Parker's Pleasant Worm Syrup, which is sure death to worms, pleasant to take, and requires no physic. Price 25 cents. Try it. Sept. 1 - d&w

WHY THE HAIR FALLS OUT.

AND HOW TO RESTORE IT. STRAIGHT AND COLOR. Each hair is seared by a little vesicle or gland, the latter being nourished by a small blood-vessel. As long as these blood-vessels furnish sufficient encouragement the hair will continue to grow; but if from disease or other cause they become torpid or obstructed, the hair will necessarily become dry and fall off.

It is here the wonderful virtue of "London Hair-Color Restorer" are manifested, as its tonic properties restore these hair follicles to increased activity and completely restore the scalp to a healthy condition, and a fine growth of hair in its natural youthful color is sure to be the result. Apart from its tonic and coloring qualities, "London Hair-Color Restorer" is the most cleanly and lasting of all hair dressings, making it indispensable on the toilet of every lady and gentleman. Sold at 75 cents a bottle by all leading druggists.

POLITICAL POINTS.

MEMPHIS, October 20.—A light frost fell last night. The Board of Health officially report four deaths from yellow fever during the 24 hours ending at 6 o'clock to-night. Six additional interments of persons who died in the suburbs are reported by the undertakers. Twenty physicians of the Howard Medical Corps report twenty-six new cases, eight within the city limits and eighteen beyond the corporate line.

WASHINGTON, D. C. October 19.—Advices received at the Departments of State and Treasury, referring to the condition of financial and industrial affairs in England, show a most alarming state of things existing there, which threatens universal bankruptcy. The principal cause of this is stated to be the steady decline of the demand in the markets of the United States for articles of English manufacture; also, that through American ingenuity, the advantages of cheap labor have been more than counterbalanced, and this has brought the cheap productions of the United States into active competition with English manufactures in all the markets of the world. The coal and iron mines were great sources of wealth. Now, production is carried on below even a minimum profit. These dispatches state that the only outlook for the teeming population of the British Isles in the future is in the direction of the Oriental possessions of the country, and that it is imperatively necessary for the English Government to maintain its ascendancy, and extend its dominion in that direction, as a new field for her enterprise and surplus manufac

LARGE MEETINGS.

THE meetings addressed by Mr. Cannon on Saturday—at Macon in the afternoon and at Macon in the evening—were among the largest held in the county this year. At both places the audiences were only limited in size to the capacity of the halls in which the meetings were held, and the clearest attention was given the speaker, who discussed the financial questions of the day with the same fairness and ability which have characterized his speeches throughout the county. No candidate ever made a better impression upon the people of all parties than Mr. Cannon is making during this canvas. He is everywhere listened to with the greatest interest, and Democrats who hear him do not hesitate to compliment his speeches for their fairness and perfect absence of demagogery.

The finance question is to be discussed to-night at Macon, by T. B. Campbell and A. G. Harris.

Mr. W. R. Jewell, the editor of the Danville News, who advertised to speak at the court house on the evening of the 29th, enjoys a high reputation as a public speaker, and never fails to command the attention of his hearers.

THE way to roll up large majorities is for every Republican to work from now until the close of the ballot on November 5 as if one vote more was needed to win. Let every lover of his country resolve himself into a committee of one and go to work in earnest. Our future existence as a nation in the state is played for.

NO APATHY now. No sick list. We are on the march. We shall not deserve the victory that surely awaits us unless we do our whole duty. Let there be no skulking. The enemy knows we are in earnest; let him feel that it is an absolute fact. We need every solid man. Do not let us deceive ourselves in believing that a victory at the skirmish line decides the battle. We have the advantage, and it will be our own fault if we do not pluck victory.

It is well to remember that bills are now pending in Congress to permit State bank to be organized with the power to circulate bills. The Democratic cry for the destruction of the national banks and the ghost of the old State banks rising behind it. The real motive for this change is based upon the "State rights" doctrine of the party, which, if once in power, will not rest until both national bank and greenback notes are retired to give place to State bank issues.

COL. GROGAN Scoville, the well-known editor of the Champaign Gazette, and M. W. Matthews, Rev., of Urbana, who are bidding for three speeches each in this county during the week preceding the election, are both speakers of no ordinary ability, and deserve to be quoted by those interested. Col. Scoville has not done much in the line of speaking previous to this campaign, but wherever he has gone he has more than met the expectations of his hearers. Mr. Matthews has a well-established, high-toned orator, and always the plaudits of an audience.

JONAH REED says that Harper offered to retire from the candidacy of the National Greenback party if Mullen would withdraw his name, and offer a week or two's expenses during the campaign. Jonah says that Harper gets \$25 per week while in office, "We have some 30,000 hundred Democrats in this county, and it would take more to pay for the bill once or twice, to my mind." The Greenback party is one of the candidates of the campaign. Perhaps Ben Latich can answer.—Matthews.

THE WHOLE STORY IN BRIEFS.

IN MEMORIAM.

Col. JOHN H. NALE died at Greenwood, three miles southeast of Memphis, Tenn., at noon on the 19th of September, 1878, aged 40 years. Born in Ohio, he removed to Decatur, Ill., where his youth and early manhood were spent, there are many there who remember well the bright and happy young man of twenty years ago, the idol of his family and friends, and the favorite of all.

A soldier, and patriot by instinct, when the Union was threatened in 1861, he immediately raised a company of volunteers in Decatur, Ill., and became connected with the 41st Illinois Infantry Volunteers, and throughout the four long, bloody years that followed, the old members of that immortal band and the members of the 143d Illinois, as well as the members of the brigade with which they were from time to time connected, will testify to the fact that John H. Nale bore himself like a hero.

Wherever the battle raged the fiercest he was found, leading his men and sharing with them their dangers and privations.

Repeatedly promoted for gallantry and meritorious conduct upon the field, after having commanded his regiment at Fort Donelson and Shiloh, he finally took part with the 41st in the siege of Vicksburg; and, as an incident to that struggle, led the world renowned charge at Champion Hill, where the Union troops went "into the valley of death" and not an officer escaped unharmed, while every field officer lost his life except Col. Nale, who was himself wounded. After the termination of the three years of service of the 41st Col. Nale became connected with the 143d Illinois, with which he remained until the close of the war. He took part in the famous Red River campaign, under command of the old war horse, A. J. Smith; and upon one occasion, by his masterly management of his men, saved the army from destruction. The writer of this has been told by those who were present that the old General, on that occasion, with tears in his eyes, complimented him and his men for their gallant achievement.

Near the close of the war Col. Nale married Miss Mary L. Collins, daughter of Rev. Charles Collins, D. D., president of the State Female College of Memphis. At the close of the war he was tendered a commission in the regular army, but being prevailed upon by friends he settled in private life at his old home. Shortly after this he removed to Memphis, where he remained until his death. In a community, surrounded by many whom he had fought so bravely, he nevertheless grew upon the writer of this heartily tribute and all others, to such an extent that we had learned to love him tenderly for his many excellencies of head and heart, and when he died he had so won upon us that he had become a necessity to the community. When the fearful scourge came upon us it found John Nale, as ever, at his post of duty and ready to die for those around him. On the 17th he was stricken—about an hour before he died he called his devoted wife to his side, and taking her by the hand, said: "Mary, I will soon see my dear mother, and in a few minutes will clasp hands with your father in heaven."

Thus died JOHN HENRY NALE. A nobler, braver, better heart never beat in the breast of man. "We never shall see his like again." In him Decatur has lost a son who, throughout his life, honored the home of his childhood, while we at Memphis have lost a citizen and associate, whose place in our hearts and lives cannot easily be filled. Peace be to his ashes until we meet together in the resurrection morn.

NEW INVESTMENT—\$1,118.85 Prof.

H. A. Webb, of PA., Pa., writes Aug. 16, 1878: "Lakers, LAWRENCE & CO., Yours containing remittance of \$1,118.85 on my 200 shares, I received. Accept my thanks, as I am very well satisfied. As you request, you may use this letter. I would recommend every one who feels disposed to speculate to send for your catalog." The new way of operating in stocks by the COMBINATION SYSTEM enables people with large or small capital to reap similar benefits. By this excellent plan, the orders of thousands of customers, from cities and towns, are pooled into ONE, and the stock is sold at a DISCOUNT. INDIVIDUAL ACCOUNT. Each member of the Combination secures all the advantages of the largest capital united with experienced skill. An investment of \$10,000, \$100 shares, \$100 profit, or 7 per cent., and so on as the market moves.

Memphis. Lawrence & Co.'s new circular explains everything. (Copyrighted and sent free.) All kinds of Stocks and Bonds wanted. New Government loan supplied on best terms. Best references furnished. Lawrence & Co., Bankers, 57 Exchange Place, N. Y. City.

A MILLION WORDS THREE CENTS.

—Some of the blessings of flat money are enjoyed by the people of Buenos Ayres. There is a six-column paper called the Buenos Ayres Herald, of which the subscription price is put at the low rate of \$20 a month, paper currency; that is about a dollar a number. The clothing house of Grand St. Martin advertises suits of clothing for \$700. Another house offers to sell children's suits at prices ranging from \$150 upwards, and still another firm advertises a new line of choice cravats at \$10 each. It seems, from the market report of this journal, that a gold dollar at that time was worth \$31.96 in paper.

THESE are a few cases of diphtheria in
the city. It is hoped that it will not pre-
val to any great extent.

THE large number of fine residences on
West Main street make it a pleasant thor-
oughfare through which to ride or walk.

THE rapid falling of the foliage from the
trees in the park gives Mr. Bird about as
much as he can do to keep them raked off
the grass.

YESTERDAY was as fine a day as ever
had out doors, and lots of folks availed
themselves of the opportunity to take an
airing in their carriages.

THE KERS for the dedication of the new
Tabernacle can now be procured at Hand's,
Abbott's, Curtis & Ewing's, and at Priest's
Hotel. All seats at the same price.

THERE are over five hundred registered
voters in the second ward. The first ward
will have to look out for her laurels as the
most populous in the city, or her sister
ward, 2, will get ahead of her.

THE Tabernacle is a busy place to-day.
The putting in of the chairs and the decora-
tion of the walls for dedication keeps
all hands busy.

SEVERAL wagon loads of movers went
westward on Saturday, and several more
to day. They will have cold fingers before
they can reach their destination in
southwestern Kansas.

TONIGHT there will be a Gospel tem-
perature meeting at the Christian church,
to commence at 7½ o'clock. All are invited.
It is expected that Francis Murphy
will be in attendance.

PERSONS who are willing to accommo-
date delegates and visitors to the National
Christian Temperance Convention are re-
quested to report their names and resi-
dence to Mr. John Brayton, at Priest's
Hotel, who is the secretary of the Union.

MR. J. G. CANNON had a rousing meet-
ing at Macon on Saturday night. Macon
itself was crowded, and the utmost enthu-
siasm prevailed. It was one of the larg-
est and best meetings of the campaign
yet held in this county.

WE have now two churches in the city
without pastors, the Episcopal and Bap-
tist. Both of these societies have pleasant
and commodious houses of worship, and
it is to be hoped that they will soon be
favored with the services of a regular
pastor.

On the night mail train from Chicago to
Tolono, on Saturday night last, Mr.
Wicker, head clerk, and Mr. Hale, as-
istant, opened and assortet 400 pack-
ages of letters alone, while from 40 to 50
sacks of newspapers were worked by the
paper clerk. Pretty quick work that.

A COURT of diminutive specimens of
humanity were puffing cigars on the street
on Saturday, who were so small that there
might be danger of mistaking the smok-
ers for the cigars. They were probably
five or six years old. Such boys are full of
promise for the future.

MANY of the decorations of the day of
the soldiers' reunion are allowed to remain
still, and will probably be permitted to
ornament the town for the meeting of the
National Christian Temperance Union
this week. This is well. We shall be
glad to have Decatur shown off to the
best possible advantage.

THE GOOD Templars have put out a
transparency from their hall, which will
be brilliantly illuminated on all occasions
when meetings are in progress there in
the evening. It is inscribed "I. O. G. T."
in large letters. The idea is a good one,
and this light in the window may direct
many a wayward youth to the haven of
safety afforded by the order.

THE low price of hard coal this fall is
making a market for a large number of
hard coal heating stoves, and every dealer
has some particular pattern on which he
makes a special run. A high degree of
perfection has been reached in the manu-
facture of both heating and cooking
stoves.

THE tar used in putting the roof on the
Tabernacle works its way through the
cloth and boards upon which it is spread
and drips down upon the floor and seats of
the building. It is thought that after the
tar is once cool there will be no further
trouble with it. The roof should have
been covered with something that the tar
could not get through. As it will be
quite likely to drip through in the summer
under the power of the sun.

FIRST M. E. CHURCH.

Bornan by the New Pastor.

Rev. Dr. Goodwin, the new pastor of
the First M. E. church, preached his intro-
ductory sermon yesterday morning
from the words of Paul to the Thessalonians.
"Finally, brethren, pray for us, that
the word of the Lord may have free course
and be glorified, and that we may be
delivered from unreasoning and wicked
men." The discourse set forth the reasons
why a church should pray for its pastor,
among them are the momentous responsi-
bilities resting upon him, also the fact
that he is a man of like passions with
others, is liable to err, and several other
considerations, call for the prayers of the
church in behalf of the pastor.

The fact of there being unreasonable and wicked
men, was dwelt upon—they are in all
communities. The church should pray
that the pastor may not fall into their
power. At the conclusion of the discourse
the sacrament of the Lord's Supper was
administered by Rev. Dr. Buck, the Pre-
siding Elder of Decatur district.

In the evening the church was well
filled, and the pastor took for his text the
words, "Our Gospel came not unto you in
word only but in power and in the Holy
Ghost, and in much assurance." The
evening discourse was directed to the
illustration of the statements of the text,
and numerous incidents were related by
the speaker, going to show that the Gospel
comes with power. The necessity of the
presence of the Holy Spirit with the word,
in order to render it effectual, was insisted
upon; and a [preacher] without the Holy
Spirit in his heart, would be as powerless
for good as would furnace filled with
wood be destitute of heat.

Both the morning and evening sermons
were listened to with marked attention
and seemed to have a good impression
upon the minds of those present.

COUNTY COURT.—Last week attention
was given to motions and probate busi-
ness. A jury has been called for this
week, and there will be a trial of all law
and criminal cases that are ready. Court
opened at 10 o'clock this morning.

The following cases received attention.
Josiah Reible vs. Levi Rambo et al.; as-
sault. Defendant defaulted. Court ad-
sessed damages.

Martin P. Murphy for use of etc., vs.
Samuel Duke, covenant. Defendant de-
faulted. Court assessed damages \$225.

Geo. Steinle vs. Ole Johnson; appellee.
Dismissed at cost of plaintiff.

C. H. Richter by his next friend, J. F.
Richter, vs. Pennewill & Grindol, appellees.
Appeal dismissed with ten per cent
damages.

Decatur Gaslight Co. vs. Frank Priest,
assault. Defendant defaulted. Judgment
for \$450 75.

Brooker & McClure vs. Henry C. Scan-
din: appellant. Suit dismissed for want
of prosecution.

John A. Beatty, appellant, vs. Jacob
Raegeneen. Trial by jury, pending verdict
adjourned to half-past 1 o'clock.

TEMPERANCE.—The Saturday night tem-
perature meeting at the court-house was
fairly attended. J. M. Clokey, Esq., acted
as chairman, and Mr. P. W. Williams led
the singing in the absence of Mr. Burns.
As usual Miss Lizzie Alloway presided
at the organ. An earnest prayer was
offered by Rev. S. MacBurney. The chair-
man then introduced Mr. H. C. Bradby,
of Effingham, Ill., who spoke for nearly an
hour. Owing to the whispering and giggling
in the west end of the room where the
youth of the city parade themselves
ostensibly to hear the temperature cause
discussed, those nearest the speaker ex-
perienced much difficulty in catching the
full import of his remarks. A policeman
was stationed in the hall, and there was
no racket in that vicinity. Rev. Mr.
MacBurney made one of his characteristic
addresses. It is the purpose of the organiza-
tion to hold future meetings in the
Tabernacle, which is to be dedicated on
Wednesday evening.

THE NATIONAL CHRISTIAN TEMPERANCE
UNION.—This delegate body will com-
mence its annual session in this city to-
morrow morning at 10 o'clock, in the
Tabernacle. Delegates are expected from
every state in the Union, and should all
the state delegations be full there will be
more than a thousand delegates in attend-
ance. It is hardly to be expected that so
large a number of delegates will be here,
but there will no doubt be a large meeting.

The holding of the sessions in the Taber-
nacle will afford all who desire to attend
an opportunity to do so, and we are in-
formed that the meetings will be open to
the public, and that all are invited.

UNPREDANT SMELL.

There is nothing more offensive than an
unpleasant smell. To avoid this, use Dr.
Price's Unique Perfumes, which are more
delicate and durable than any other odors.
His Floral Riches, for a Cologne Water,
has a rich, fresh, flowery odor, and his
Pet Rose and other odors, have only to be
used to be admired.

Mr. John Harper, brother of Mrs. W.
C. Johns, is in the city.

Mr. John Imboden, who has been on a
visit to Kansas, brought back with him
samples of the soil, and also of the wild
sunflower stalk, which is raised for fuel.

Samples of both may be seen at this of-
fice. The sunflower stalk is about the
size of a man's arm.

Mr. Bayne, of the Review, came in this
morning to pay his respects to the Re-
publican office.

Messrs. John T. Barnett and Columbus
Wood returned Saturday from the Jersey-
ville fair, where they had Haworth's check
tower on exhibition. It was one of the most
largely attended county fairs ever held
in the state, 10,000 people being on
the grounds every day but one. Governor
Cullom and his staff, and three military
companies honored the occasion with their
presence.

Haworth's check-tower attracted
universal attention and was awarded
the blue ribbon.

"Dan" Halleck, well-known to many in
this city, is home on a visit to relatives.—
Dan is passenger conductor on the Indian-
apolis & Vincennes (Ind.) road.

youth.

Mr. James Wilson, who lost an arm on
the day of the soldiers' reunion, is not
getting along as well as could be desired,
gangrene having set in. Yesterday his
condition was thought to be very critical,
but this morning symptoms were more
favorable.

Capt. W. P. Morris was among the callers
at the Republican office this morn-
ing.

R. H. Woodcock, Esq., of Macon, pres-
ident of the board of supervisors, called
to see us this forenoon.

A. G. Harris, of Macon, and T. H. Campbell,
of Austin, are to have a John discussion
this evening at Macon, on the financial question.

Phil Miller, Jr., and Jimmy Kinney
broke for the woods yesterday with a
quartette of fifth ward beauties, and spent
the Sabbath in gathering hickory nuts and
chasing rabbits.

The latest joke: Farmer Shroff, of Illinois,

came to town this morning. He said he
did not intend to come in-day, but he had
broken his glasses and couldn't see to
read until he got a new pair.

ADAH RICHMOND and her splendid
opera company will surely appear here on
Wednesday and Thursday evenings of
this week. Miss Richmond has no super-
visor in her line, and every member of the
company is a star. The entertainment is
in all respects first-class and should draw
a crowded house. On Wednesday Off-
enbach's popular opera, "La Perichole,"
will be rendered, and on Thursday evening
the company will produce "Girolo,
Girolo."

Read the paper to-day.

Well-Toned Systems.

Systems toned and renovated with
Horstetter's Stomach Bitters are most
effectually defended from disease. That
supreme invigilant soon overcomes that
distressing feebleness consequent upon
ailments which impoverish the blood and
relax the muscles. Vigor, appetite, sleep
return the wasted frame, and every phys-
ical faculty gains greater activity through
its benign influence. Nor is this all, for
the Bitters have a most genial and cheering
effect upon the mind of the despon-
dent invalid, which is the natural effect
of the increased bodily vitality which
they produce. Nervous symptoms dis-
appear in consequence of the use of this
medicine, and the evil consequences sure
to result from a premature decay of the
physical energies are averted. Dyspepsia,
liver complaints, rheumatic ailments,
urinary and uterine irregularities, malar-
ial diseases, and many other disordered
conditions of the system, are remedied by
the Bitters.

The low price of hard coal this fall is
making a market for a large number of
hard coal heating stoves, and every dealer
has some particular pattern on which he
makes a special run. A high degree of
perfection has been reached in the manu-
facture of both heating and cooking
stoves.

The tar used in putting the roof on the
Tabernacle works its way through the
cloth and boards upon which it is spread
and drips down upon the floor and seats of
the building. It is thought that after the
tar is once cool there will be no further
trouble with it. The roof should have
been covered with something that the tar
could not get through. As it is it will be
quite likely to drip through in the summer
under the power of the hot sun.

FIRST M. E. CHURCH.

Sermon by the New Pastor.

Rev. Dr. Goodwin, the new pastor of
the First M. E. church, preached his in-
troduction sermon yesterday morning
from the words of Paul to the Thessalonians.
"Finally, brethren, pray for us, that
the word of the Lord may have free course
and be glorified, and that we may be
delivered from unreasonable and wicked
men." The discourse set forth the reasons
why a church should pray for its pastor,
among them are the momentous responsi-
bilities resting upon him, also the fact
that he is a man of like passions with
others, is liable to err, and several other
considerations, call for the prayers of the
church in behalf of the pastor. The fact
of there being unreasonable and wicked
men, was dwelt upon—they are in all
communities. The church should pray
that the pastor may not fall into their
power. At the conclusion of the discourse
the sacrament of the Lord's Supper was
administered by Rev. Dr. Buck, the Pre-
siding Elder of Decatur district.

In the evening the church was well
filled, and the pastor took for his text the
words, "Our Gospel came not unto you in
word only but in power and in the Holy
Ghost, and in much assurance." The
evening discourse was directed to the
illustration of the statements of the text,
and numerous incidents were related by
the speaker, going to show that the Gospel
comes with power. The necessity of the
presence of the Holy Spirit with the word,
in order to render it effectual, was insisted
upon; and a "preacher" without the Holy
Spirit in his heart, would be as powerless
for good as would a furnace filled with
wood be destitute of heat.

Both the morning and evening sermons
were listened to with marked attention
and seemed to have a good impression
upon the minds of those present.

COUNTY COURT.—Last week attention
was given to motions and probate busi-
ness. A jury has been called for this
week, and there will be a trial of all law
and criminal cases that are ready. Court
opened at 10 o'clock this morning.

The following cases received attention.

Josiah Rehie vs. Levi Rambo et al.; as-
sumpt. Defendant defaulted. Court as-
sessed damages.

Martin P. Murphy for use of etc., vs.
Samuel Duke, covenant. Defendant de-
faulted. Court assessed damages \$25.

Geo. Stelmen vs. Ole Johnson; appellant.

C. B. Richter by his next friend, J. F.
Richter, vs. Penicill & Grindell, appellee.

Appeal dismissed with ten per
cent damages.

Decatur Gaslight Co. vs. Frank Priest;
assumpt. Defendant defaulted. Judg-
ment for \$450 75.

Brooker & McClure vs. Henry C. Scan-
lon; appellant. Suit dismissed for want
of prosecution.

John A. Beatty, appellant, vs. Jacob
Rhageness. Trial by jury; pending ver-
dict adjourned to half-past 1 o'clock.

TEMPERANCE.—The Saturday night tem-
perature meeting at the court-house was
fairly attended. J. M. Clokey, Esq., acted
as chairman, and Mr. P. W. Williams led
the singing in the absence of Mr. Bunn.
As usual Miss Lizzie Alloway presided
at the organ. An earnest prayer was
offered by Rev. S. MacBurney. The chair-
man then introduced Mr. H. C. Bradaby
of Ellington, Ill., who spoke for nearly an
hour. Owing to the whispering and glig-
glig in the west end of the room where
the youth of the city parade themselves
ostensibly to hear the temperance cause
discussed, those nearest the speaker ex-
perienced much difficulty in catching the
full import of his remarks. A policeman
was stationed in the hall, and there was
no racket in that vicinity. Rev. Mr.
MacBurney made one of his characteristic
addresses. It is the purpose of the organi-
zation to hold future meetings in the
Tabernacle, which is to be dedicated on
Wednesday evening.

Well-Toned Systems.

Systems toned and renovated with
Hostetter's Stomach Bitters are most

effectually defended from disease. That

same invigorant soon overcomes that

distressing feebleness consequent upon

ailments which impoverish the blood and
relax the muscles. Vigor, appetite, sleep

return the wanted frame, and every physi-
cal faculty gains greater activity through

its benign influence. Nor is this all, for

the Bitters have a most genial and obser-
ving effect upon the mind of the despon-
dent invalid, which is in the natural effect

of the increased bodily vitality which

they produce. Nervous symptoms dis-
appear in consequence of the use of this

medicine, and the evil consequences sure

to result from a premature decay, of the

physical energies are averted. Dyspepsia,

liver complaints, rheumatic ailments,

urinary and uterine irregularities, malar-
ial diseases, and many other disorders

of the system, are remedied by the

Bitters. o1d1w
